

## FORCE FOR GOOD

# Travis Wheeler, Field Technician from Las Vegas, volunteers at Three Square

Partnered with Feeding America, Three square is Southern Nevada's only Food Bank which provides assistance to the residents of Lincoln, Nye, Esmeralda and Clark Counties.

They are always looking for volunteers. Whether it is sorting and repackaging food at their warehouse, filling backpacks with weekend food for children, packaging meals for kids in school programs, or helping out at special events, both on - and offsite. There are many fun and rewarding ways to volunteer and a potentially life-changing way to tackle the ongoing hunger problem in Southern Nevada.

During this holiday season, Travis Wheeler, used his volunteer day to help out Three Square for a day. "I had the amazing opportunity to pack meals for Underprivileged children in the valley. It was heartwarming to see so many individuals give their time to pack over 14,000 meals. I look forward to doing it again soon. Thank you, Sonsray, for allowing me the opportunity to give back", Travis Wheeler.
