

# FORCE FOR GOOD

## 'Tis the Season of Giving & Your Wonderful Toy Donations

Who doesn't remember that amazing holiday party back in December, 2019. Seems like a long time ago, but it was our end of year celebration where we clean up and let our hair down for a festive evening with our peers to eat, drink and be merry. One of the best things about the Holiday Party are the unwrapped toys our employees bring to donate, proving there is no better way to end the year than by giving back to our community.

This year the charity chosen was **The Richstone Family Center**. An organization dedicated to treating and preventing child abuse and trauma; strengthening and educating families; and preventing violence in families, schools and communities. Child abuse is a hidden epidemic that knows no boundaries. It happens across cultural lines and in families of all education and income levels.
